Word

1 Peter 1:23

For you have been born again, not of perishable seed but of imperishable, through the living and enduring word of God

- There is a rebirth that took place
- All things have become new, it is not a once off thing this is an everyday thing to be new
- We have tasted a rebirth this morning
- When there is a rebirth, that rebirth can reproduce
- God wants to rebirth this entire nation because He is a God that regenerates
- Even though you are flesh and blood, you are carrying a seed of rebirth
- We are reborn. This seed is incorruptible
- Nothing can move or hold the seed that is on the inside
- It is not subject to decay or pressure. It cannot be violated by sin
- Death and sickness cannot destroy it because it has already destroyed death and sickness
- That seed has gone through everything but it still stands and lives on the inside
- You need to know what you carry
- This seed can swallow up every vulnerability
- That Seed is Jesus, it is eternal, everlasting

- God wants us to cultivate what He has placed within us
- That seed in me must grow
- When you are confronted by something that wants to distract you, remember the seed that you carry, don't become passive, stir up the seed in you
- This seed wants to take your mind over with life and life in abundance
- The problem with us is that we cultivate so many other things, we need to cultivate the correct things
- Learn to cultivate that which is truly important

The 8 P's of the seed of rebirth

1. Presence

- It is vital that you stir up His presence
- We need to come to a place where we are constantly in His presence
- If He is present the devil cannot be present
- His presence outranks every other presence

2. Power

- The Bible says that we will receive power when the Holy Spirit comes upon us
- We need God's ability
- God wants us to know that He is in charge
- When it feels like you have hit the ceiling, know that you need His ability
- Surrender your life everyday
- Declare: "Holy Spirit I surrender myself to your power, God give me your God ability"
- The moment you ask the Spirit of God for power the seed is activated

3. Possibility

- With God everything is possible
- To open yourself to something bigger you need to change the way you speak and then heaven begins to respond
- Program your mind with this language of positivity
- Let the seed in you explode with the possibilities
- God knows what you need but more than that He knows what He wants to do in your life

4. Purpose

- Have goals, redefine what God is saying because you need to live your life with purpose
- Without this you go nowhere
- We are in time that God wants to do something amazing through us for the sake of this nation
- My purpose will drive me for something bigger than yourself

5. Produce

- John 15 "If you abide in me and I abide in you....you will bear much fruit"
- Lord make me productive, Lord make me fruitful
- It is a curse not to be fruitful
- God has predetermined the fruits in our lives
- The enemy wants to hijack the fruit, he wants to abort the baby while it is still in the womb
- The seed in you wants to swallow up every unfruitful aspect in your life
- It wants to make you fruitful in every aspect of your life, career, family, health, relationships etc
- God wants our lives to be fruitful
- We want the good things but we settle for the bad things
- We can no longer think like the old
- You need to change your life and know that God wants you to be abundantly fruitful

6. Persevere

- There cannot be Godliness, perfected life without perseverance
- Giving up is not an option
- It doesn't matter how many times you fail, you get up because there is a seed in you that have challenged failure to the core
- Doesn't matter what you have done or the sin you have committed, never run away from God
- Refuse to give up

7. Partnership

- You cannot do it on your own
- Whether you are an introvert or extrovert, you cannot live life on your own. We need one another
- We want to build relationships upon agreements but when we disagree you have the opportunity to up your game and to forgive
- In a partnership you are challenged to become better
- When you are on your own you are not held accountable
- No one by himself has it all together
- People have something that we need that we don't have. There are things in us that are unique
- When you break partnership you don't just make yourself weak but you make everyone around you weak

8. People

- What is important to God must become important to you
 - People are the most important thing to God
 - People are God's gold
 - People don't want you they want what you carry
 - If people are no longer a priority, the seed on the inside of you will go dormant
 - We need to become better, serve better, love more and give better to people
 - Do not do it for people, do it as though it is for God
 - People are God's priority
 - He does many things to and for you but it all comes back to people
-
- These principles are vital to activate the seed on the inside of you
 - Let the seed of rebirth rise and come to its full stature on the inside of you
