

Worship

- The perfect love of Jesus drives away all fear
- God wants us to know that He loves us and He will not leave us or forsake us
- The love of God knows no boundaries, limitations and restrictions
- The love of God moves through time, the past, present and the future
- There is nothing that God will not do to get to you
- He is reaching out to every individual
- He wants to break down every barrier between you and Him
- Nothing that you have done in your past is too big for Him
- God wants to deal with the separation between you and Him. Only He can deal with the separation
- We just need to respond and say: “yes Lord” and come back to Him

Word

Mark 2:22

And no one pours new wine into old wineskins. Otherwise, the wine will burst the skins and both the wine and the wineskins will be ruined. No, they pour new wine into new wineskins.”

- When the Bible speaks about wineskins it refers to us
- **New wine is the move of God**
- God wants every wineskin to be whole, healed and restored
- God wants to release new wine over our lives
- Some wineskins goes through 40 stages to be prepared
- God will take you by hand and prepare you by taking fear, deception and vulnerability out. God wants to deal with everything in your life that may cause a tear
- God wants to do a new thing in our lives
- God cannot pour the new wine into old wineskins
- The wineskins are prepared with oil to make it pliable and make it able to stretch and take the weight. When God releases glory on your life it causes weight
- There cannot be any tear
- It must be able to receive and contain the new and that what God wants to do
- Thank God for the old wine but He wants to release new wine
- In order to receive the new we need to allow Him to work with the wineskin
- God cannot work in a hardened heart because a hardened heart is a wineskin that is no longer pliable
- God cannot work with us when we are in a comfort zone because then we cannot accept change
- The people of Israel died in the desert because they were no longer pliable and flexible
- They no longer allowed God to judge their wineskins and soften their hearts
- Their wineskins became hard and it could no longer receive the new wine. The wine and wineskin will be lost if new wine is poured into it
- We have a responsibility to come before God and to allow Him to prepare our wineskins
- The oil of the Word and Spirit makes you pliable and flexible
- The old and the new cannot go together
- Only a new wineskin can receive new wine
- An old wineskin can only hold the old wine

- Even though the old was may be good it is not good enough for the new, that what God wants to release now
- **The new wine represent the move of the Spirit**
- God wants to release new things over your life
- New wine still needs to age and ferments and causes the wineskin to stretch and expand
- New things does not come without responsibility, change and pressure
- Except change and responsibility
- Blessing does not add comfort but makes you more responsible
- To handle the new wine is not easy
- We need to make a decision, to stay with the old and stay behind or accept the new and allow God to work with the wineskin even if it is painful
- We need to work with our attitude, fears and comfort to be ready to receive the new
- Accept the new and allow God to work with your character and mind-sets
- The new is always better
- God wants to do more
- Need to come back to the place where you are empty to receive the new
- It is always difficult to accept change. To accept change is to go back to a place of zero and allow God to work with you. Open your life for God to work with you
- In John 2 we see the first miracle that Jesus performed when He turned water into wine
- It was a prophetic announcement of what is to come
- Eighty percent of the human body consists of water. Wine also mainly consists of water
- He wants to take that what is natural and make it supernatural
- He wants the water to be turned into wine
- There will be a shift from natural to supernatural
- He wants to do such a work in your spirit and He wants to take the water that is natural and turn it into wine that is supernatural
- Even though our lives are natural God wants to make it supernatural
- The master of ceremonies asked the bridegroom why he left the best for last
- We need to leave the best for last – the past was good but that what God wants to release in your life is so much better
- **The best is coming!**
- God wants to change the water composition into something supernatural
- It is not in our ability to break the separation between us and God. When God touches you it changes your ability. It is in your ability to open your life and respond
- Embrace the truth with faith

Ephesians 5:18

Do not get drunk on wine, which leads to debauchery. Instead, be filled with the Spirit,

Acts 2:4

All of them were filled with the Holy Spirit and began to speak in other tongues as the Spirit enabled them.

Acts 2:12-17 KJV

And they were all amazed and were in doubt, saying one to another, What meaneth this? Others mocking said, These men are full of new wine. But Peter, standing up with the eleven, lifted up his voice and said unto them, Ye men of Judaea and all ye that dwell at Jerusalem, be this known unto you and hearken to my words: For these are not drunken, as ye suppose, seeing it is but the third hour of the day. But this is that which was spoken by the prophet Joel and it shall come to pass in the

last days, saith God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy and your young men shall see visions and your old men shall dream dreams:

- When people looked at these men that were touched By His Spirit and power, they thought that they had too much wine
- When you drink liquor, even if you are an introvert, you become an extrovert that are bold and outspoken
- Your people consciousness disappear and you feel invincible
- You suddenly become very happy
- Open your life that God can do an inner work
- The only comparison that people could make is that the disciples are drunk with new wine
- They were bold, invincible and loud
- They submitted their dignity to the life and move of God on the inside of them
- We are many times so dignified and ashamed that our wineskins have become hard and not pliable
- We have become so comfortable that our wineskins are no longer pliable
- He wants to change your water into wine so that your life can be significant
- God wants to touch every wineskin and change its make-up
- He wants to do beyond the confinements of your personality and dignity
- Allow Him to pour out the new wine on the inside of you
- A bee can only come to an open flower
- **He wants to change your water into wine**
