

### **Deuteronomy 11:31**

*You are about to cross the Jordan to enter and take possession of the land the LORD your God is giving you. When you have taken it over and are living there,*

- It is time to cross over
- Cross over from your own way of life and cross over from your past, negativity, etc...
- The future is ahead of us
- We have been trained and equipped for a day such as today to possess and cross over
- We are crossing over to dispossess
- Before you can possess something you need to first dispossess what is before you
- Draw the line in your life and say to yourself: "enough is enough"
- Dispossess your wrong thinking, wrong mentality, confinement and everything that is opposing you
- God is giving His people the power to prevail, subdue and to dispossess
- There are greater things for you. God has called us for greater things, stop settling for second best
- God wants us to take new territory and possess. God has given us the power to prevail
- We are entering into the promise and the inheritance that God has for us
- There is an abundant inheritance for each one to take up
- We have a strong foundation in this house and out of that foundation strong pillars arose

### **Pillars that grew from this foundation**

#### 1. Worship

- This house is going to worship like never before
- Where the Spirit of God is there is freedom
- We are purposed to Worship Him

#### 2. Word and Spirit

- The people of God will be revived in the Word and the people of God will carry the revival of the Spirit
- We will not compromise on the Word and the Spirit
- Our Late Senior Pastor always allowed the Spirit to revive us

#### 3. The church in the house – Cell church

### **Acts 20:20**

*You know that I have not hesitated to preach anything that would be helpful to you but have taught you publicly and from house to house.*

- There is power when the church is in the house
- The church cannot just be a public gathering but the church is also powerful when it is in the house
- We need to take back the power of the church in the house
- God works in the house and when people gather
- He wants to work with us and wants to take us to the next level

#### 4. Training and education

- Training will always be a high priority
- A house that trains is a house with a future
- God's heart is that His people will be trained and equipped for the future

5. Personal development
  - Each person in this house are important
  - Everyone is called to be a minister
  - It is our heart that each person will arise in their rightful calling and do what God has called you to do
  - To be strong and whole in your soul, spirit and body
6. Cities, market place, missions and church planting
  - The City belongs to God
  - The harvest is ready
  - We will stay with the assignment and with the commission
  - All of us need to do the work of the evangelist
  - All of us are called to be ministers of reconciliation
  - The church will always be on a mission
  - Everything cannot be about you, your life become significant when you give your life away
  - If someone didn't give their life away, most of us would not have been here
7. The nations our inheritance
  - God has a nation mandate for this house

### **Psalm 2:8**

*Ask me and I will make the nations your inheritance, the ends of the earth your possession.*

- What God is doing in our lives are not just for us but God wants to touch the nations
  - We need to be available for God to use us to touch the nations
8. Family life
    - Family life is very important
    - With God everything starts in the house
    - We are going to make sure that our families are strong
    - Our late pastors was not only great parents to their physical children but there are so many spiritual children here because of their parenting
  9. Youth and children
    - Our Senior Pastor received the Word: Hennie Bester, Youth of the nations
    - That Word will continue
    - This House will be a place where young people will be radical, passionate and on fire
    - They will serve the Lord, filled with power
    - God will touch the older generation with youth
    - There is something in youth, they can get away with things that older people can't for example reaching out to people
    - People cannot resist a young person, filled with the fire of God
  10. Business and finances
    - This house will not be poor. You will not remain poor
    - It is not a problem to come in poor but you cannot remain poor because God is not poor
    - Poverty is not only financial but also a mental thing
    - Break out of your confinement and poverty because God has a greater future for you
    - God is going to bless us with entrepreneurship and businesses

## 11. Visual and performing arts

- Our Senior Pastors refined the creative in so many of our lives
- We will touch the nations through the visual and performing arts
- The devil perverted creativity but we will use it as a tool for God
- Each one are creative
- Get back to the original call of God on your life
- When you sit too long you become fat, not only physically but also spiritually
- Actively pursue what God has placed upon your life

## 12. Building projects

- We will constantly build
  - We are still busy with the building project and it is not going to stop
  - A house that is growing will never stop building
  - The Kingdom of God is an ever increasing Kingdom
- 
- We are pushing forward into the great future that God has in store for us
  - We need every person to rise up because the assignment is much bigger than what we have at the moment
  - God has called you for much more than just coming to the house on a Sunday
  - God has called you to build with us
  - We need to fulfil the assignment that God has given to the church
