Revelation 12:10-11

Then I heard a loud voice in heaven say: "Now have come the salvation and the power and the kingdom of our God and the authority of his Messiah. For the accuser of our brothers and sisters, who accuses them before our God day and night, has been hurled down. They triumphed over him by the blood of the Lamb and by the word of their testimony, they did not love their lives so much as to shrink from death."

Senior Pastor Wentzel du Plessis

- We need to jump in right now
- Allow God to do what He can
- You need to learn to respond to God
- There is a refreshing wind or joy and liberty
- Break out of your limitation
- Call out to God: "God come and do a new thing"
- Do whatever you need to do, to break out
- Like the woman with the issue of blood, push through, cry out
- Two weeks ago someone brought a word: People hold onto a lie, we look at our lives and think it's too late, how can God restore what has been lost
- I want to declare over your life that it is never too late
- It's a new beginning and a new day, it's time to stretch out your wings
- Open the wings of your spirit and allow God to do what only he can do
- God's plan over your life is irrevocable
- What happened yesterday is done and over, it's a new day, a new beginning
- Open your wings

Senior Pastor Fiona du Plessis

- The image on the screen - an Eagle stretching its wings and soaring – is what God wants for us
- God is elevating us and we are soaring in the spirit

Natashia Theron

- We have the desire to fly above the mountain like the eagle but we are trapped in our current situation
- I saw how God came and cut lose the chains and addictions
- Allow God to do it in your life
- It is not how you see yourself but how God sees you, that really matters
- There is nothing like the presence of God, He can do what no man can do
- It doesn't matter what you are trapped in, God wants to come and break you free of those things

Senior Pastor Wentzel du Plessis

- One of the ushers Sello, came to me now and said the following: God is creating an atmosphere for us to participate, so that God can do an extraordinary thing in your life
- Do not be an observer or spectator, be a participator
- We need to respond when the water is stirred
- What is happening this morning is confirmation of the word that I wanted to release: "How do we respond to God"

- Forget about everything and focus on God this morning
- Allow God to do a work in you
- Learn to respond to God
- Step out and respond in faith

Word

- It is important that we understand that the Holy Spirit is the leader of this Church
- The church does not belong to a man
- God appoints a man but it is ultimately the Holy Spirit that is in control
- Church is not a human organization
- What should be evident is the love and fellowship but we are gathering here to meet Him
- If we do not meet Him, we have failed
- God is going to move and surprise us
- Heaven is going to invade this house. We have to be prepared for it
- If God wants to do something we need to stand back and allow God to do what He wants to do
- We do not come to church for a sermon
- We are going to need to learn to respond to God
- When the woman with the issue of Blood wanted her breakthrough, she had to push through. Her desperateness was the aid to her healing. Her breakthrough was far more important to her than tradition and confinement
- Do what you need to do
- Say: "God, I am not leaving until you have touched me"
- Do not be stuck in your personality, dignity, self-consciousness and people-consciousness
- We all need God like never before
- The rivers of God are starting to flow, they are going deeper
- We have our own levels but God wants us to push our level and limits to go deeper
- We will have to set ourselves aside
- We all have the same problem, we live in this filthy world
- We all need His blood, cleansing and healing touch
- For God to do what He wants to do, you will need to step out of yourself
- God wants to create a platform where you can step into His presence

Hebrews 11:6

And without faith it is impossible to please God, because anyone who comes to him must believe that he exists and that he rewards those who earnestly seek him.

- Everything we do, let us do it with faith
- Faith is stepping out, it is not passive
- In the season that we are stepping into, the move of God will be so evident but we need to have faith
- Step out of what is normal and comfortable for you
